This movie has been criticized for being overly violent and misogynistic in its portrayal of violence towards women. However, despite this unhappy fact plenty of people have still liked this film and found it an enjoyable watch. The violence shown in this film is not fully gratuitous and most of the fighting is either between men or committed against henchmen and bad guys, and the fact that it's based on a graphic novel with a lot of violence makes it easier to understand. Director David Leitch told Comic Book Resources: "I think it's a very Cold War-era spy movie. We're not trying to put that into a contemporary gun-for-hire action thriller, because by modern day standards Lorraine is not a killer. She's not out there killing anyone who does not deserve it, and she's certainly not killing innocent people. I think we want to stay in that Cold War era where your morals are put into question, and the ends justify the means."
